As proof that Counsel for the United States reads the Court's electronic filings, Counsel for the United States brings to the Court's attention that the version of the jury instructions filed in this case is not a clean version of the instructions. The version of the jury instructions the Court has filed contains

numerous underscoring personal notations. These additional markings are not part of the record and should not be made part of the record by inadvertence. A clean version of the jury instructions as given to the jury should be substituted for the version electronically filed.

RESPECTFULLY SUBMITTED this day, September 12, 2006, in
Anchorage, Alaska.
